Mr. Short,
Something nice
Leah

Mr. Short,
I think I learned a lot from you this year. I hope you stay here for awhile.
Deanna

Mr. Short,
You're a great teacher! I learned alot (a ton!) in our class. I'll see you next year (with less paddlings)
& hope you stay for awhile.
You're really nice.
Desire

Mr. Short,
This has been a good year. I was lucky and passed the constitution tests! (I don't know about next year!) I've learned alot the past 2 years. Keep on teaching! I'll come see you,
Teresa

Mr. Short,
To a great teacher. I really feel your class was prepared the best for high-school and I really appreciate your time and efforts,
Rick McCall

Howdy, Mr. Short, You never paddled me! Yuette

Mr. Short,
You are a really nice teacher. I am really glad you didn't use your paddle on me.
Laura Ramsey

Mr. Short,
I'll miss your class. I have learned a lot from being in your class. I wish I could have had more fun & never could have watched those paddlings.
Your student and friend,
Spence

Mr. Short,
You are a great teacher, I'm proud to have you!
Love, Sheryl

Mr. Short,
May you never paddle me!
Jeff Shaw

Mr. Short,
Thanks for being a great teacher. I feel that you taught me the most next year, (8th grade) & remember it.
See ya next year,
Jeanne

Mr. Short,
You are a great teacher. I always enjoyed your class.
Jeanne

Mr. Short,
You're a great teacher. I'll really miss your class.
Love, Tracy V.

Dear Parents and Students:

As the 1979-80 school year comes to an end, it is enjoyable to look back and reminisce. All of us have been challenged to grow in many ways. Students, parents, and teachers have striven to perpetuate a standard of excellence.

We have served Illinois State University well by providing for observations, for college students, that number in the tens of thousands as well as a site for numerous research projects. Metcalf has maintained its leadership role in the field of education. We can all take pride in having been part of and contributed toward this primary mission.

All program areas were given attention and we shall see the effects of such intense study blossom in the years to come. Special emphasis was placed in Language Arts and Multi-cultural Education as well as establishing procedures to renew all curricular areas in the coming years.

Democratic values and citizenship were persistent themes, as we worked this year towards enhancing the school. The Student Council reviewed and rewrote its constitution as well.

We will all look back from the years that follow and remember the joy of success and how we all helped each other to maintain the climate of Metcalf that is so special. There have been many rich and rewarding experiences for all. The little extra kindness, willingness to share, and the supportive attitudes that prevailed serve as bench marks in our progress in helping each person to develop life skills that are essential.

Much of the credit for a successful year may be attributed to the continued interest and support from parents and friends of the Lab schools. On behalf of the faculty, the administration would like to take this opportunity to thank you for your loyalty. We look forward to even more progress in the years to come.

Sincerely,

Thomas J. Cassells
